

KRISTA REMMERS AFFIDAVIT

I, Krista Remmers, hereby affirm that the following is true and accurate to the best of my recollection:

1. I attended Woodlawn High School from Fall 1995 until Spring 1999. During that time I was a classmate of both Adnan Syed and Hae Min Lee.
2. At the time I attended Woodlawn, the high school campus was adjacent to the Woodlawn Branch of the Baltimore County Public Library.
3. It was common at the time for Woodlawn High School students to go back and forth from school to the library - and we did not consider doing so to be leaving the campus.
4. In a practical sense, the library served as an extension of the school campus.
5. At the time, if a student said he had been "at the high school," this could have meant he was at the physical school campus, at the adjacent public library, or both.

Krista Remmers
