Thank you for informing me....The first time I e-mailed everyone, it was a hoax, but I'm saddened that she did die afterall... I'll be honest, I thought this was a hoax as well, but I checked Yahoo's news headlines, and confirmed it for myself. I'm aware that the police hasn't released any information regarding the cause of death according to the online article published on 2/12/99, but if it has been released, may I ask how she was murdered? If you can't, please let me know when you do release the information publically. Thank you for your time.

Sincerely,
Vu Tran
Hayward, CA
