[MPIA 15459 1981 Police Notes - handwriting of Detective William Ritz
Ritz's notes made during the second interview that day, which was taped. Includes timing of tape recording that matches 3/15 recording transcription. It is on different paper to another set of notes made by Ritz that same day, p1977-1980, which appear to be from the pre-interview (as referenced by Ritz during the taped interview) that took place in 3 hour gap between signing Miranda Rights form and start of taped interview. Although this begins as notes of Jay Wilds's answers, it is also often questions, maybe that Ritz wants to ask Jay, or perhaps silent communication with MacGillivray about same?]
