Incident Narrative

Narrative

On 09 February 1999 at approximately 1330 hours, Detective Albert Marcus contacted your investigator indicating that Coppin State College Police had information concerning a body found in Leakin Park. Your investigators responded arriving at 1345hours.

Investigation revealed that an employee of Coppin State College had observed a body within Leakin Park. The employee then led your investigators into Leakin Park and directed units to the 4400 blk. N. Franklinton Road where the remains of a female were discovered partially buried.

Crime Lab Units #5833 and #5830 responded and processed the scene.

Doctor Aquino along with O.C.M.E. investigators responded to the scene.

Doctor Rodriguez III, Office Of The Armed Forces Medical Examiners Office responded and disinterred the body and processed the scene.

Investigator Caldwell responded and removed the remains pending autopsy on 10 February 1999.

On February 1999, Doctor Aquino , Office of the Chief Medical Examiner, performed an autopsy on the remains of the victim and discovered that the victim had been strangled and ruled the manner of death a Homicide.

Next of Kin have been notified.
