How to read "Subscriber Activity" Reports

Please note: All call times are recorded in Eastern Standard time.

Type codes are defined as the following:

Int = Outgoing long distance call	Lel = Outgoing local call
CFO = Call forwarding	Sp = Special Feature
Inc = Incoming Call	

When "Sp" is noted in the "Type" column and then the "Dialed #"
for instance "4718222555", this is an incoming call that was not answered and then forwarded to voice mail. The
preceding row (which is an incoming call) will also indicate "CFO" in the "feature" column.

Outgoing calls only are reliable for location status. Any incoming calls will NOT be considered reliable information
for location.

Blacked out areas on this report (if any) are cell site locations which need a court order signed by a judge in order
for us to provide.

CONFIDENTIALITY NOTICE

How to read “Subscriber Activity” Reports

* * *

Outgoing calls only are reliable for location status. Any incoming calls will NOT be considered reliable information for location.

CFD = Call forwarding
Inc = Incoming Call

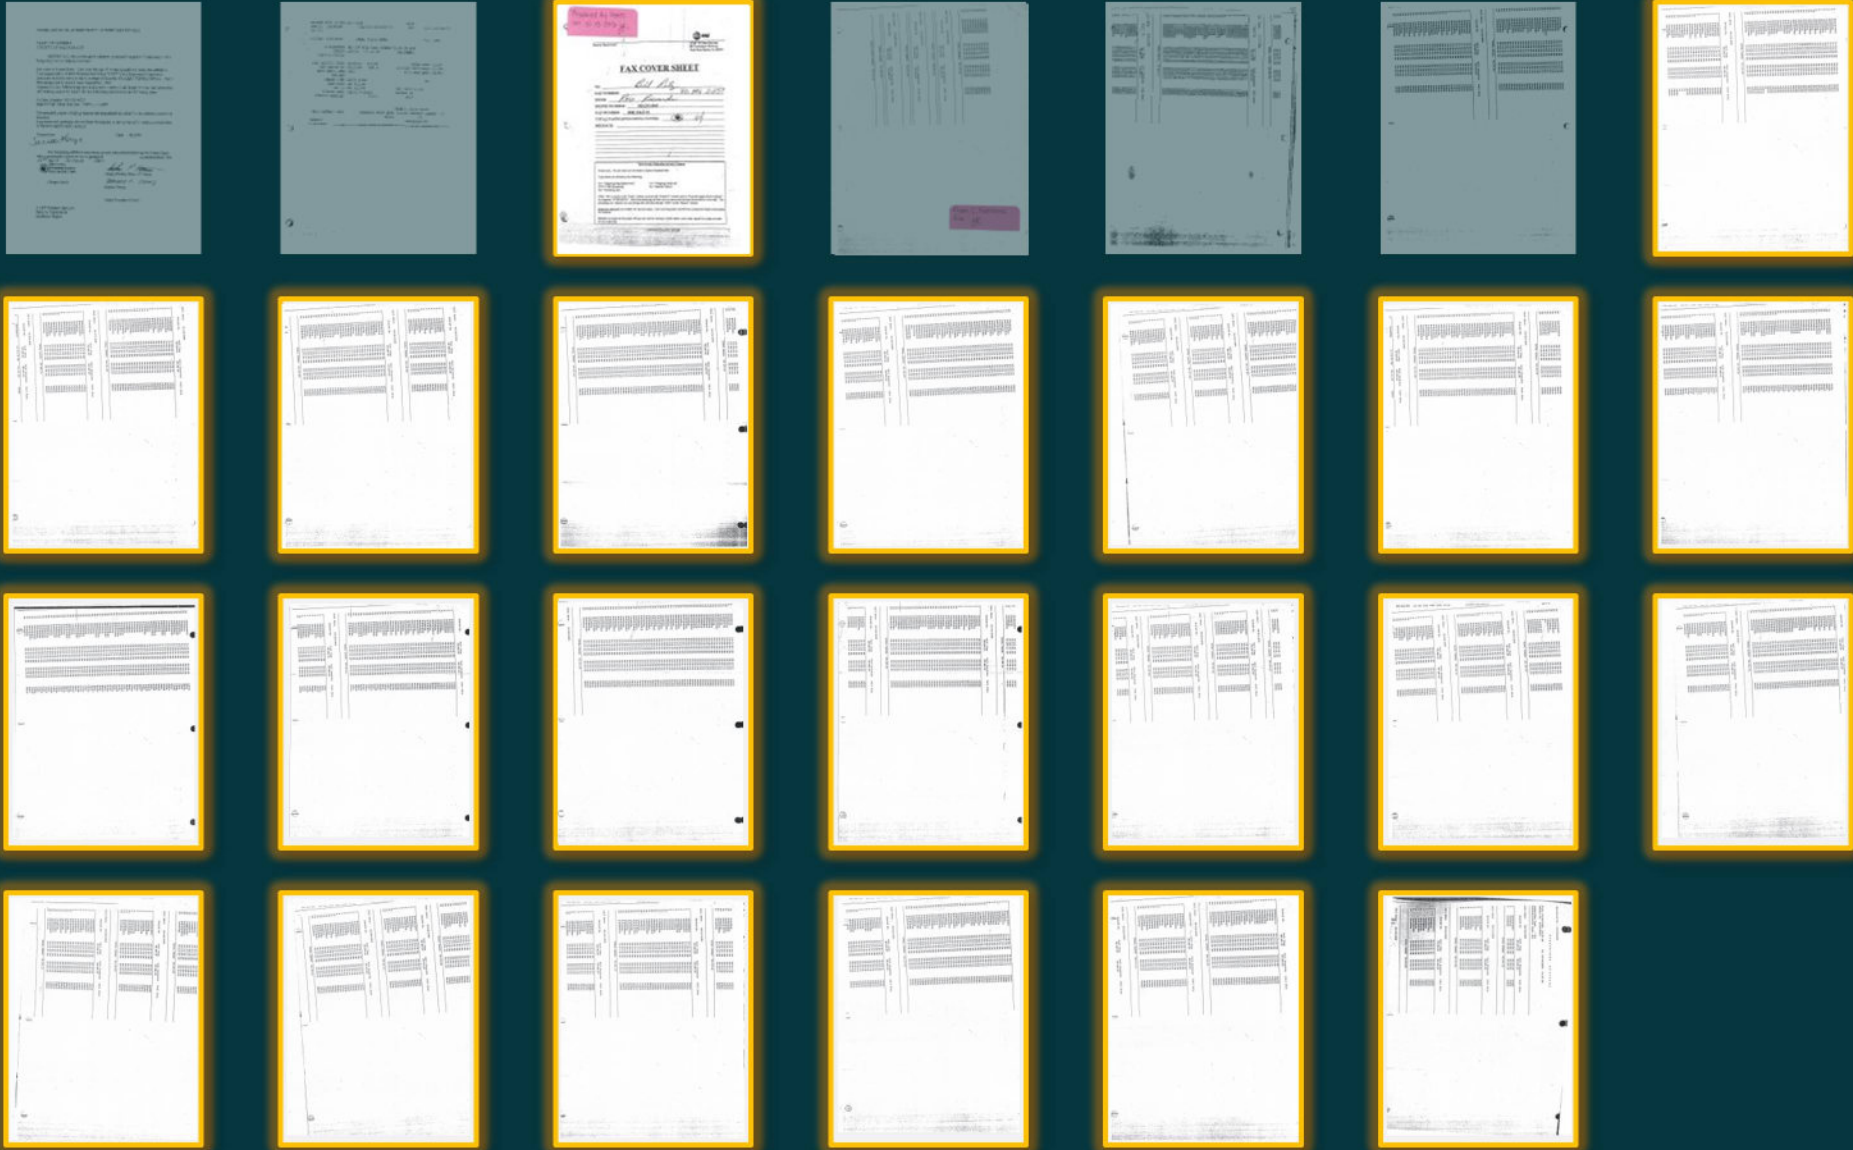

When “Sp” is noted in the “Type” column and then the “Dialed #” column shows “#” and the target phone number” for instance “#718225555”, this is an incoming call that was not answered and then forwarded to voice mail. The preceding row (which is an incoming call) will also indicate “CFO” in the “feature” column.

Outgoing calls only are reliable for location status. Any incoming calls will NOT be considered reliable information for location.

Blacked out areas on this report (if any) are cell site locations which need a court order signed by a judge in order for us to provide.
