

Hello ladies,

Hope you're both well and getting some rest after all your hard work. I had a couple of questions, first was wondering if you were able to identify Hae's pager number from the call logs? I can't figure out what number is her pager, or if it ever appears on Adnan's call log at all.

Second, are you guys done with the hard documents and tapes? If so, let me know when you can bring them back down (no rush, just a general timeline). Lastly, any chance of getting the full police file that you FOIA'd?

Thanks

Hi Rabia. Happy New Year!

I don't think we ever identified Hae's pager #.

And yes, I will definitely figure out a time to get the tapes and files back to you. Possibly later this month, if that's ok.

Hope you're doing well. Best, Sarah
