

“On Friday I met with Judge Welch with the Attorney General’s Office present. The Court made it clear that it did not wish Ms. McClain to make any statements to the media until the hearing is over. Of course, we have respected that. Both Asia and I cannot imagine how much pain the Lee family has gone through, and they are entitled to feel however they think is appropriate. The releasing of this statement by the Attorney General’s Office at a time when Ms. McClain is unable to respond, however, I can only assume means that the prosecution has now decided to try this case in the court of public opinion. Ms. McClain’s intentions have only ever been to say what it is she knows and how, if at all, that affects Mr. Syed’s case is not for us to determine.”
